4

Game content

- Put your phone in airplane mode during the game
- Choose the number of kilometers to reach for the game team
- Place the cards face down according to the number of kilometers noted on the top
- The newest player in the company starts. The game proceeds in a clockwise direction

3

Game rules

When it's your turn, choose a card with the kilometers of your choice.

When you draw a card you may come across :

- A question about a means of transportation and a distractor
- A challenge to complete
- A bonus or penalty
- ... To your lucky hand!

If you answer the question correctly or complete the challenge correctly, you advance the corresponding number of squares:

10km: 1 square

20km: 2 squares

30km: 3 squares

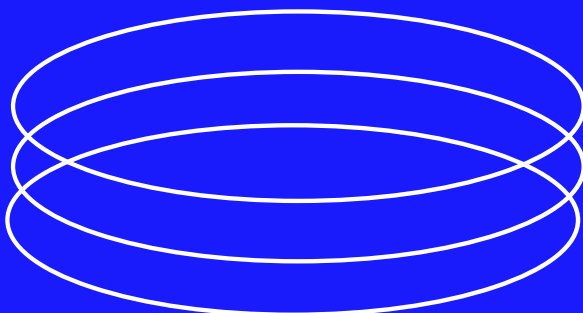

If you get a malus or a bonus, you follow the instructions indicated on the card

Note that if no one reaches the chosen number of kilometers, the closest person wins the game.

5

End of the game

At the end of the game, each player chooses a commitment that they will make regarding their behavior during these trips.
